The screenshot shows the Windows Active Directory Users and Computers management console. The left pane displays a tree view of the directory structure under 'Active Directory Users and Computers' for the 'training.local' domain. The right pane is a grid-based table showing the following information:

At the bottom right of the window, there is a message: "Activate Windows Go to Settings to activate Windows." The system tray at the bottom shows the date and time as 4/28/2024 7:46 PM.

This screenshot is identical to the first one, showing the Windows Active Directory Users and Computers management console. However, a context menu has been opened over the 'student one' user entry in the list. The menu options visible are:

- Add to a group...
- Disable Account
- Reset Password...
- Move...
- Open Home Page
- Send Mail
- All Tasks >
- Cut
- Delete
- Rename
- Properties
- Help

The rest of the interface and background are the same as the first screenshot.
